1 lb lentils, well washed

1 1/2 quarts water

Textured Vegetable Protein Mole Enchiladas

2 cups Red Mole Sauce (see below)

1/3 cup olive oil

6 cloves garlic, peeled

1/2 onion finely chopped

1 1/2 cups textured vegetable protein granules soaked for 10 minutes in 1 1/4 cups water or vegetable stock

1/2 tsp thyme

1/2 tsp cumin

1 tsp salt

12 corn tortillas

Prepare the Mole Sauce. While it’s cooking, heat the olive oil and sauté the garlic and onion for 5 minutes. Add the soaked textured vegetable protein, thyme, cumin and salt, and stir well to combine over low heat.
Warm the tortillas one at a time on a hot comal or dry skillet, then dip in the Red Mole Sauce until soft. Place on a working plate, place a small amount of the seasoned textured vegetable protein in the middle and roll into a tube. Arrange the filled tortillas in an ovenproof dish until read to serve. Warm for 15 minutes in a 375F oven. Place two on each plate and cover with more sauce. Serve with Mexican rice and a salad.

Red Mole Sauce (makes 2 cups)

4 ancho chillies, roasted and seeded
2 tomatoes, roasted, peeled and seeded
5 cloves of garlic, roasted and peeled
1/3 cup almonds
1/3 cup peanuts
1/3 cup raisins
1 slice of toasted bread
3 green onions, chopped
1 tsp sea salt water
1/4 cup sesame or corn oil

The traditional Mexican way to roast the chile, tomatoes and garlic is on a hot comal. You may also roast them in a dry skillet, turning to scorch on all sides. Some American cooks roast them under the broiler in the oven. After roasting blend all the ingredients except the oil with enough water to make a thick sauce. Heat the oil in a heavy saucepan and add the sauce. Cook 20 minutes add water to thin the sauce as desired.

**Alice Waters**

**Fennel a la Grecque**

**Ingredients**

- 2 cups olive oil
- 2 cups white wine vinegar
- ¾ cup white wine
- 12 cloves garlic
- 1 medium onion
- 1 lemon
- 24 peppercorns
- 4 bay leaves
- 2 tbsp fennel seed
- 4 small bulbs fennel

**Method**

In a large pot, bring the olive oil, vinegar and white wine to a gentle simmer.

Peel the garlic. Peel and slice the onion very thin. Slice the lemon crosswise into ¼ inch slices and add to the pot along with the onion, garlic, peppercorns, bay leaves and fennel seed. Simmer for about 15 minutes.

Cut off the feathery tops and stalks from the fennel bulbs and remove any tough outer layers. Cut the bulbs into eighths. Add them to the simmering liquid and cook until they are tender but still slightly crunchy. Remove from pot and let them cool. When both the fennel and the liquid have cooled down, return the fennel to the liquid and refrigerate. This is best if it sits for 24 hours.
Caramelised Fennel

2 large fennel bulbs

¼ cup olive oil

salt and pepper

Trim the fennel bulbs, removing any tough outer layers. Cut into bulbs in half vertically, cut out the cores and cut the bulbs into 1/8 inch thick slices.

Heat a large sauté pan over medium heat, add olive oil, and when the oil is hot, add the sliced fennel (if necessary, cook the fennel in two batches; the fennel should brown, not steam). Cook, tossing or stirring occasionally for 8-10 minutes, until fennel is caramelised and tender. Season with salt and pepper. Drain off any excess oil and serve. Good as a side vegetable or a pizza topping.

Fennel Pasta

Pick the tenderest feathery leaves from the centre of the lower stalks of fennel bulbs and parboil them for about 30 seconds. Drain, cool and chop them fine.

**Eggplant, Tomato and Onion Gratin**

3 large sweet white onions

3 cloves garlic

olive oil

2 or 3 sprigs thyme

1 bay leaf

salt and pepper

3 medium Japanese eggplants

3 ripe tomatoes

Peel and chop the onions and garlic very fine. Stew them over a medium flame for about 5 minutes until soft in a couple of tbsp olive oil, with the leaves of the thyme, the bay leaf and salt and pepper.

Slice the eggplant into ¼ inch rounds. Slice the tomatoes slightly thicker.

Preheat oven to 400F. Oil a shallow gratin dish.

Remove the bay leaf from the onions and spread them over the bottom of the dish. Cover with overlapping rows of alternate tomato and eggplant slices. Each slice should cover two thirds of the preceding one. Season with salt and pepper, drizzle with some more olive oil, cover and cook in the oven until the eggplant is soft enough to be cut with a spoon, about 45 minutes. Uncover for the last 15 minutes or earlier if the tomatoes are giving up too much liquid. Brush or spoon the juices over the top occasionally to prevent the top layer from drying out. This gratin should be moist but not watery.

**Baked Stuffed Eggplant**

**Fava Bean Ragout with Potato Gnocchi**

For the gnocchi
1kg desiree potatoes, peeled and cut into large, even sized chunks

115g plain flour

For the ragout

3 – 4 pounds young fava beans

1 large clove garlic

1 small sprig rosemary

olive oil

salt and pepper

½ lemon

Method

Shell the fava beans and discard the pods.

Cook the potatoes in lightly salted boiling water for 10-15 minutes until tender.

Drain the potatoes, return to the pan and place over a low heat for few seconds to dry, then mash. Add the flour and season. Tip on to a floured surface and work into a dough. Divide the dough into quarters and roll into sausages. Cut into 3cm lengths.

Bring a pot of water to a boil, add fava beans and simmer for 1 minute. Drain and cool them immediately in cold water. Pierce the outer skin with a thumbnail and squeeze each bean out of its skin with thumb and forefinger. Peel and chop the garlic very fine.

Put the fava beans in a saucepan with a mixture of half water and half olive oil, enough to barely cover them. Add the garlic and rosemary and season with salt and pepper. Bring to a simmer, cover and cook until the beans are tender, about 5 minutes, more or less, depending on the beans.

Cook the gnocchi in a large pan of lightly salted boiling water for about 2 minutes – they’re done when they rise to the surface.

Mix the gnocchi with the beans and finish with a squeeze of lemon juice and another grind or two of the pepper.

1 small onion
½ pound morels

2 tbsp margarine

¼ - ½ cup vegetable oil

Fry the potatoes in a large skillet in 1/8 inch of the oil over medium heat. When the potatoes have started to turn golden brown, add the sliced onions. Seitan “Seafood” (scallops, fish, clams, shrimp)

Seitan seafood can be used in stir-fries or batter-fried and served with a dipping sauce. Adding some nori or dulse seaweed flakes to the batter gives it a more seafood taste.

Gluten dough:

2 1/2 cups pure gluten powder (vital wheat gluten)

2 cups cold water

Cooking broth:

4 cups water

6-inch piece kombu seaweed

1 1/2 tbsp salt

4 dried Chinese black mushrooms

2 tbsp lemon juice

1 tbsp sugar

1 tsp dried garlic

To make the raw gluten, mix together the gluten flour and the water. Mix until if forms a smooth, firm
dough. Knead briefly. Keep your hands wet when handling the dough for the rest of steps.

For “scallop”: Shape the raw gluten dough into a long roll about 1 inch in diameter. Cut into little rounds like very thin scallops. Mix the cooking broth ingredients and bring to a boil. Drop in the gluten rounds and simmer for 30 minutes. Refrigerate overnight in the cooking broth.

For “fish”: Flatten the raw gluten into very thin “fillet” shapes. If your pieces are too big, just cut them. Mix the cooking broth and bring to a low boil. Add the gluten “fillets” and return to a low boil, rather than a simmer and cook for 30 minutes. This makes a softer seitan. Refrigerate overnight in the cooking broth.

For “clams”: Tear the raw gluten into tiny bits. Bring the cooking broth to a boil and drop in the gluten pieces. Boil for 3 minutes and refrigerate overnight in the cooking broth.

For “shrimp”: Cut the raw gluten into little wedge shapes about 1 1/2 long and 1/2 inch thick. Mix the cooking broth and bring to a simmer. Drop in the gluten and simmer for 30 minutes. Refrigerate overnight in cooking broth.

Note: remember that seitan expands quite a bit so whatever shape you cut, make the pieces at least half as small as you want them to be.

Buddha’s “Chicken”

This is a traditional yuba (bean curd skin) recipe used by Chinese Buddhist vegetarians. It makes a delicious appetizer. Leftovers can be chopped and used in dim-sum stuffings or rice and noodle dishes. If you use fresh yuba, which needs no soaking, this dish is very quick to prepare. It’s very easy to make whether you use fresh or dried yuba.

3 large sheets fresh yuba (bean curd skin) about 16 inches in diameter, cut in half, or 3 large rectangular sheets dried yuba

1/3 vegetarian broth

1 1/2 tbsp light soy sauce

2 tsp unrefined sugar

1/2 tbsp roasted sesame oil

Oil for deep frying

If using the dried yuba, handle the sheets carefully and soak in warm water for 5 – 10 minutes. Pat them dry and cut in half.

Mix the broth, soy sauce, sugar and sesame oil in a small saucepan and heat until the sugar is dissolved. Pour into a bowl and allow to cool slightly.

Spread a 12x6 inch piece of fine cheesecloth or thin white cotton sheeting over a cookie sheet. Place a half-sheet of the fresh or reconstituted dried yuba on the sheet.
Brush the yuba with soy sauce mixture. Cover with another piece of yuba and brush. Repeat until all of the yuba and sauce is used up. If there is some sauce left over, pour it over the yuba and brush evenly towards the edges.

Roll the stacks of sheets into a compact cylinder and wrap it in the cloth. Tie ends with white string. Steam the roll, covered, over boiling water for 10 minutes.

Remove carefully and cut the roll into 4 sections, diagonally. Heat the oil 350F in wok or skillet, or deep fryer. Drop in the rolls, standing back to avoid splattering and deep fry until golden brown. This will take only a few seconds. Drain the rolls on paper.

To serve, slice diagonally into 1/2 inch rounds and serve hot or cold.

1 tbsp light soy sauce

Mix the remaining broth with 1/2 cup water and additional soy sauce and sherry in a medium saucepan. Bring to a boil. Drop in 12 pieces of gluten. Boil for 4 minutes, then remove them with a slotted spoon and place in a bowl. Add another 1/2 cup water to the broth and bring to a boil again, then drop 12 more pieces of gluten in and boil for 4 minutes. Repeat this 2 more times until all the gluten is cooked. You may have to add more than 1/2 cup water the last time. Just make sure the gluten pieces are more or less covered with the liquid while they cook.

When all the gluten is cooked, heat the sesame oil in a large heavy skillet and add the gluten pieces along with the remaining broth. Cover and cook over medium-low heat for about 20 minutes until all the broth is absorbed and the gluten is firm. Stir frequently as it cooks.

**Red chilli paste:**

Dried red chilli, made into a paste, adds a rich, warm flavour and a mellow hotness to a dish. You can roast the chillies first to further enhance the sauce. Put 2 to 4 whole dried red chillies on an un-greased griddle or skillet over a low heat. Turn as soon as they start to darken on the bottom. Repeat for the other side. Soak the chillies (roasted or not) in hot water for about 15 minutes or until they are soft. You can remove the seeds to reduce the hotness or leave them in if they are mild. Grind the flesh with a mortar and pestle or in a mini-chopper using 2 tsp or so of the soaking water.

Do not substitute commercial red chilli paste, available in Asian markets. This paste contains other ingredients and will alter the taste of a dish.

**Tomato Bhapa – Spicy Stuffed Tomatoes**

2 tbsp vegetable oil
¼ tsp asafoetida powder
¾ cup (175ml) finely chopped onion
1 tbsp peeled minced fresh ginger
1 green chilli seeded and chopped
¼ tsp turmeric
2 tsp besan (chickpea flour)
¼ tsp salt
1 tbsp finely chopped cilantro

**Method**

Remove the dark stem end from 8 of the tomatoes. Carefully hollow out each tomato by removing the pulp and seeds; discard the seeds but save the pulp. Chop enough of the remaining 2 tomatoes, discarding the seeds, to make ¼ cup (60ml) together with the reserved pulp. Set aside.

Heat oil in a skillet over medium low heat. Sprinkle asafoetida over the oil. Fry onion until it is richly browned but not burnt, 8–10 minutes, stirring constantly. Add ginger, green chilli and turmeric and stir a few times. Stir in the besan. Lower the heat slightly. Add the reserved tomato pulp, salt and cilantro.
Cook until the pulp disintegrates into the sauce, about 2 minutes, stirring often. Transfer to a bowl and let cool slightly.

Stuff the hollowed tomatoes with this mixture and place upright in a baking pan. If they will not stand because of their point ends, place a crumpled piece of aluminium foil on the bottom of the baking pan and make small hollows in the foil to support the tomatoes upright. Or you can use a muffin pan…

Just before serving, preheat oven to 400F / 200C / gas mark 6. Bake the tomatoes until they are tender but retain their colour and shape, 7-12 minutes (the timing will vary with the firmness and size of the tomatoes. Do not over bake or the tomatoes will darken and their skin will wrinkle. Serve immediately.

Medieval Europe

‘Fenkel in Soppes’ or Braised Fennel with Ginger

The original of this recipe comes from the Forme of Cury, the collection of 196 ‘reciepts’ copied by Richard II’s scribes at his cooks directions. To follow the original recipe exactly, the fennel should be served on ‘soppes’ or thick sliced of coarse bread with the juices poured over the top.

1 1/2 lbs trimmed, fresh fennel root, cleaned and cut into matchsticks

8oz onions, thinly sliced

1 heaped tsp ground ginger

1 level tsp powdered saffron

1/2 tsp salt

2 tbsp olive oil
2/3 cup dry white wine

2/3 cup water

6 thick slices of coarse wholemeal bread

Put the fennel in a wide, lidded pan with the onions. Sprinkle over the spices and salt, then oil and finally pour over the liquids. Bring to the boil, cover and simmer for 20-30 minutes or until the fennel is cooked without being mushy. Stir once or twice during the cooking to make sure the spices get well distributed. Place on slice of bread on each warmed plate, cover it with fennel and pour over the juices.

Comfits

To sweeten the breath at the end of a meal it was customary to eat or suck aromatic seeds such as coriander, aniseed, fennel and carraway. These were individually and immensely laboriously coated in sugar, seed by seed. The process often continued over several days.

If you have the patience to make them, melt 2 tbsp of unrefined sugar in 1 tbsp water. Keep the syrup warm enough to remain liquid without allowing it to caramelise. Dip each seed in the sugar, then remove it with tongs and allow to dry thoroughly before repeating the process, again and again and again until you have built up a thick layer of sugar all over the seed. It will certainly take you all of one day and may well be spread over several days if you want a really thick layer of sugar.

Renaissance Italy

Spinach ‘Fried’ with vinegar

The Opera of Bartolomeo Scappi, published in 1570 was one of the most important cookery books to come out of the Renaissance. As cook to some of the grandest cardinals of his time, Scappi had ample opportunity to experiment with the new techniques of braising and casserole cooking, pastas, pastries and the serving of vegetables such as spinach as complete dishes rather than elements in a stew or soup.

3 lb fresh spinach, washed, most of the water shaken off and roughly chopped

2 tbsp olive oil
4 tbsp wine vinegar

salt and freshly ground black pepper

heat the oil in a large pan and add the spinach. Cook briskly for a few minutes, stirring well so that all of the spinach gets well coated in oil. Add the vinegar, turn the heat down, cover the pan and simmer for 7 – 10 minutes or till the spinach is quite cooked. Season to taste with salt and freshly ground black pepper and serve.

17th Century Pasta

Use any shape pasta you wish (flat noodles and macaroni shapes were being produced in the 17th century) Allow 3-4 oz of past per head

Cook the pasta in stock, for 10 – 12 minutes or until al dente, drain slightly and top with generous sprinklings of sugar and ground cinnamon

16th Century Venetian Frittole

1 oz sultanas/raisins

2 tbsp sweet white wine

1 1/2 fresh yeast

1 tsp sugar

4 oz plain wholemeal flour

4 oz white flour

generous pinch of salt

grated rind of 1 lemon

1 tsp cinnamon

oil for deep frying
unrefined sugar

Soak the raisins in the wine for at least 1/2 an hour. Dissolve the yeast with the sugar in 2 tbsp warm water and leave in a warm place until it froths. Mix the flour with the salt, lemon rind and cinnamon. Add the yeast and mix to a soft dough with more water. Mix in the soaked raisins and any remaining soaking fluid. Put the dough in a bowl in a warm place, covered with a cloth, to rise – it should take about half an hour and almost double in size.

Heat the oil and drop the batter into it in generous teaspoonfuls; the frittole should take a couple of minutes to each cook. Drain them on kitchen paper and roll in sugar. Serve immediately.

Peppered Tofu

2 lbs tofu, thinly sliced

oil for frying

6 tsp paprika

1/2 tsp salt

1/4 tsp cayenne

1/4 tsp thyme

Method

Slice the tofu into 1/4 inch thick slices and pan fry in a lightly oiled skillet until golden on both sides. In a small bowl, mix the remaining ingredients and sprinkle each slice of tofu on both sides with the mixture. This is good for breakfast or makes great sandwiches.

Corn Chowder

4 cups fresh or frozen corn

3 cups soymilk

1 onion, minced

1 red bell pepper, minced

2 stalks celery, minced

2 tbsp oil

2 potatoes, diced
3 cups water
1 1/2 tsp salt
1 tsp paprika
1/4 tsp cayenne

Method
Slice the fresh corn off the cob and scrape each ear with the back of a knife. This removes the creamy part of the kernels left on the cob. Frozen corn may be used but fresh is better.

Blend 2 cups of the corn in a blender with the soymilk and set aside.

Sauté onion, bell pepper and celery in the oil for 10 minutes, add the potatoes and simmer for an additional 15 minutes, stirring often. Add the remaining ingredients, bring to a boil, lower the heat and simmer for 1 1/2 hours.

1 tbsp paprika

Traditional Candies

Barley Sugar

1lb sugar

¼ pint water

¼ tsp cream of tartar

1 tbsp golden syrup

juice of 1 small lemon

Method

Place the sugar and water in a heavy pan and heat gently until the sugar has dissolved. Remove from the heat and stir in the cream of tartar and the golden syrup. Boil until a little of the mixture forms a hard ball when dropped into cold water (247F/119C on a sugar thermometer), then reduce the heat and boil gently until a little of the mixture dropped into cold water forms a ‘hard crack’ (310F/154C). Remove from heat and place the base of the pan in cold water for 5 seconds to cool the mixture. Carefully stir in the lemon juice, then pour into a greased shallow tin. When firm enough to handle cut in strips, twist and place on a cold, oiled surface to harden. Wrap in a greaseproof paper and store in an airtight tin.

Acid Drops (sour balls)

1lb sugar

¼ pint water

½ tsp cream of tartar

¼ tsp lemon juice

1 tsp tartaric acid

icing sugar

Method

Put the sugar and water into a heavy pan and add the cream of tartar. Heat gently until the sugar has dissolved then boil until the mixture has a yellow tinge. Stir in the lemon juice. Pour on to a cold work surface and work in the tartaric acid with a knife. When the mixture is cool enough to handle, cut into sticks then into small pieces. Form these into small, flat rounds and dust with icing sugar.

Real Fruit Jellies
In medieval times, these brightly coloured stiff fruit pastes were cut into a variety of shapes and were considered a great luxury.

2lb fruit (the best fruits to use are those that will cook down to a thick pulp – apples, apricots, plums, pears etc)

sugar

juice of 1 lemon

Method

Place the prepared fruit in a pan with just enough water to prevent it sticking while cooking and bring to the boil. Simmer gently for about an hour until the fruit is completely soft. Sieve the fruit to make a puree. Weigh the puree and add an equal weight of sugar and stir in the lemon juice. Place in a heavy pan over low heat to dissolve the sugar, then increase the heat and boil rapidly until a thick paste forms and the mixture is on the point of setting. Pour the mixture into a shallow tin lined with non-stick baking paper and leave until cold. Cut into squares or rounds and roll in caster sugar. Store in an airtight tin.

Cinder Toffee

8oz sugar

1 tbsp golden syrup

¼ tsp cream of tartar

2 ½ fluid oz water

¼ tsp bicarbonate of soda

1 tsp warm water

Method

Put the sugar, syrup, cream of tartar into a heavy pan and heat gently until the sugar has dissolved. Boil without stirring until a little of the mixture forms hard, brittle threads when tested in cold water (310F / 154C on a sugar thermometer). Dissolve bicarbonate of soda in the tsp of warm water and pour into the toffee which will froth up. Stir well and pour into a shallow greased tin. Break into pieces when cold. Wrap in greaseproof paper and store in an airtight tin.

Edinburgh Rock

1lb sugar

½ pint water

½ tsp cream of tartar
icing sugar

colouring and flavouring (pink: raspberry or strawberry essence, yellow: lemon or pineapple essence,
green: peppermint oil or essence)

Method

Place the sugar and water in a heavy pan over a low heat until the sugar has completely dissolved. Add
the cream of tartar and boil the mixture until a hard ball is formed when a little of the mixture is dropped
into cold water (275°F / 120°C on a sugar thermometer). Remove from the heat and stir in a few drops of
the flavouring of your choice. Leave to cool for a few minutes. When cool, pour on to an oiled slab and
gently turn the edges into the middle with an oiled knife. Repeat this process until the mixture cools and
firms. Dust the hands with icing sugar and pull and work the mixture until it becomes dull and harder. Pull
for about 10 minutes into strips and then cut into short lengths. Place on a tray lined with greaseproof
paper. Leave in a warm place for 24 hours until the rock softens and becomes powdery. Store in an
airtight tin lined with greaseproof paper.

200g (8oz) red kidney beans
1 cup oats or oatmeal
2 cloves garlic
1 medium onion roughly chopped
1/2 red pepper
2 tsp vegetable bouillon
2 tbsp chopped parsley
2 tsp curry powder
2 tbsp tomato puree
salt and pepper to taste

1/4 cup roasted sunflower seeds

1 bay leaf

For the coconut sauce

1 large onion, chopped

2 skinned tomatoes, chopped

50g (2oz) margarine

2 tsp soy sauce

1 tsp brown sugar

150ml (5oz) coconut milk

Soak the beans overnight, then strain off the water and rinse them. Add the beans to a saucepan of fresh water, add a bay leaf, bring to the boil and cook slowly until the beans are tender (about 1 hour). Strain off the water and remove the bay leaf.

Pre-heat the oven to 180C (350F).

Meanwhile, place the chopped onion, garlic and red pepper in a food processor and chop finely. Alternatively, chop them finely by hand. Put the chopped vegetables in a large bowl and set it aside.

Blend the kidney beans in food processor in two batches, then add the bean puree and the oatmeal to the bowl with the chopped vegetables and mix well.

Oil a 2 pint loaf tin or deep oven-proof dish and spoon in the mixture. Pack firmly and leave it to stand for 5 minutes.

Scatter a handful of sunflower seeds on top. Cover with foil or a dish lid and bake in the oven for 20 minutes. Allow the loaf to cool slightly before turning it out on the plate.

To make the coconut sauce

Fry the onion in margarine until caramelised. Add the curry powder and brown sugar. Next, add the chopped tomatoes, soy sauce and coconut milk. Cook gently for 5 minutes and serve hot with the loaf.

250g (12oz) brown or white long grain rice
150g (6oz) black eye peas
1 medium onion chopped
250ml (10floz) vegetable stock

Add the vegetable stock, boiling water and all the remaining ingredients except for the coconut cream. Cover and simmer for 10 minutes.

When the potatoes are cooked, transfer them to a large bowl and mash them with the margarine and the pineapple juice until fluffy. Transfer the creamed potatoes to a greased oven-proof dish, level the top, then garnish with the pineapple rings and one whole or two half glace cherries in each pineapple ring. 2 tbsp whole wheat pastry flour

1/4 tsp sea salt

1 cup water

3/4 cup plain soymilk or Rice Dream

1 tbsp finely chopped fresh dill

1/4 tsp black pepper

For the Dill Sauce

1/2 cup plain soymilk or Rice Dream

2 tbsp chickpea flour

1 tbsp mirin

1 tbsp chopped fresh dill

1/4 tsp sea salt

Preheat oven to 350F.
Heat the oil in a flameproof casserole over medium heat. Add onion, carrots and seitan and sauté for 3-5 minutes.

Sprinkle the pastry flour and sea salt over the seitan and vegetables. Continue to sauté the ingredients for a few minutes, stirring frequently. Add the water, soymilk, dill and pepper to the casserole. Stir the ingredients occasionally for about 5 minutes until the liquid begins to thicken.

Cover the casserole, transfer to the oven and bake until the carrots are tender (about 45-60 minutes).

Remove the stew from the oven and place it on the stove top over very low heat.

Prepare the dill sauce. First make a loose smooth past by adding the soymilk to the chickpea flour. Add the mirin, dill and sea salt. Slowly add this mixture to the stew, stirring constantly until the sauce thickens. Continue to simmer the stew for about 15 minutes.

Serve the hot stew either alone or with noodles, or rice or whatever.

Cover and bake for 30 minutes. Serve immediately.

Roasted Seitan with Red and Yellow Peppers in a Chive Garlic Sauce

2 cups (about 1 lb) seitan cubes or soy chunks or reconstituted textured vegetable protein cubes or crumbled veggie burgers, chilled

2 large red bell peppers, halved and seeded

2 large yellow peppers, halved and seeded

1 tbsp olive oil

1/4 cup minced fresh chives

Chive Garlic Sauce

6 cloves garlic, crushed and minced

1 tbsp olive oil

1 cup water

2 tbsp soy sauce

1/3 tsp paprika

1/8 tsp black pepper

Preheat oven to 450F

Lightly blot the chilled seitan with paper towels to remove surface moisture. Cut the bell pepper halves into thirds or quarters.
Place the seitan and bell peppers in 1 to 2 inch deep baking dish and coat evenly with a thin layer of olive oil. Set aside.

To prepare the sauce, combine the garlic, olive oil, water, soy sauce, paprika and black pepper in a blender. Puree the ingredients then spoon this mixture evenly over the seitan and peppers.

Place in the oven and bake, uncovered, basting the ingredients occasionally with the sauce. Continue to bake until the peppers are tender and the seitan is crispy (20 – 30 minutes).

Pastichio – Greek-Style Macaroni Casserole

2 cups (about 1 lb) coarsely ground seitan or reconstituted textured vegetable protein or crumbled veggie burgers

16 ozs pastichio pasta or a broad flat pasta

3 tbsp olive oil or sesame oil

1 1/2 tsp soy sauce

1 cup bread crumbs

Sauce

1 1/2 tbsp kuzu or arrowroot

1 – 1 1/2 cups water

1 1/2 cups plain soymilk or Rice Dream

1 tbsp tahini

3/4 tsp sea salt

1/2 tsp cinnamon

Preheat oven to 400F. Lightly oil a 9x13 inch baking dish and set aside.

While the oven is preheating, cook the pasta until al dente, then drain and place in a bowl.

In a large skillet, heat the oil, then add the seitan. Brown the seitan for 3-4 minutes, then add the soy sauce. Combine the browned seitan with the drained pasta, mix it together and set aside.

To prepare the sauce, dissolve the kuzu in 1/2 cup of the water and set it aside. In a saucepan, heat the soymilk, another 1/2 cup water, the tahini, salt and cinnamon over medium heat, stirring constantly until the mixture is almost boiling. Add the dissolved kuzu to the pot and stir this sauce as it thickens. If the
sauce gets too thick, add a little more water (no more than 1/2 cup). Adjust the seasonings.

To assemble the casserole, first layer half the pasta-seitan combination in the bottom of the prepared baking dish. Pour half the sauce evenly over the top; add the rest of the pasta and cover with the remaining sauce. Top with a layer of breadcrumbs.

Cover the casserole with foil and bake 15 minutes. Remove the foil and bake another 15 minutes to brown the crust. Serve hot.

4 cups water
1 tsp sea salt
1/4 tsp allspice
1 cup plain soymilk or Rice Dream beverage
2-3 tbsp corn oil or sesame oil
3 tbsp minced fresh parsley or 1 tbsp dried

Cut the squash in half, remove the seeds and peel. Cut into 1-inch cubes.
In a large pot, bring the water to a medium boil and cook the squash until tender (about 15 minutes).

Reserving the cooking water, transfer the squash to a blender or food processor. Adding the reserved cooking water a little at a time, puree the squash to a creamy consistency. Return the squash to the pot and whisk in the salt, allspice and soymilk. Cover the puree and keep it warm over low heat.

In a heavy pan or skillet, cook the seitan slices in the oil until they are well browned on both sides (about 5 minutes per side). Place on absorbent paper towels to remove any excess oil.

About 10 minutes before serving the soup, add the seitan.

Ladle the hot soup into individual bowls and garnish with a sprinkle of the parsley.

Asparagus in Nori with Dill Dressing

The quantities are quite small as this is designed to be part of a many –coursed meal – double the
quantities of asparagus and nori for a more generous sized starter. If there is any dill dressing left over have it with globe artichokes or salad potatoes. Dried dill is no use for this recipe.

Ingredients

500g (1lb) asparagus, trimmed of any woody bits
1 tbsp soy sauce
1 tbsp English mustard
6 sheets sushi nori
1 bunch dill
1 tsp Dijon mustard
1 tsp lemon juice
1 good tsp brown rice syrup
2 tbsp olive oil

Method

Bring a large pan of water to the boil. Put the asparagus in and bring back to the boil. Simmer for a couple of minutes. Take out one piece to see if it is cooked. If not, continue simmering for another minute and repeat.

As soon as the asparagus is tender, drain and plunge into cold water to stop it cooking any further. Drain again, very thoroughly this time.

Make a thin past out of the soy sauce and English mustard. Brush this sparingly onto on sheet of nori. Divide the asparagus into six bundles and put the first bundle onto the first sheet of nori with the tops of the asparagus poking over the edge of the bottom right hand corner. Fold the left hand side of the sheet over the stalks and then roll the asparagus up. You should be left with a cigar with asparagus ends poking out. Repeat with the other 5 bundles.

Mix all the remaining ingredients together except the olive oil, then gradually add the olive oil, whisking as you go to emulsify the dressing.

Dribble dressing on each to serve.

Tabouleh with roast peppers

Ingredients

1 large red pepper in fat strips
1 large yellow pepper in fat strips
2 tbsp olive oil
salt and pepper
225g (8oz) coarse bulgur wheat
425ml (3/4 pint) water
3 tbsp olive oil
juice of 1 lemon (more to taste)
1 bunch of parsley, chopped (either curly or flat leaf is fine)
1 bunch mint, chopped

Method

Pre heat the oven to 230C(450F/gas mark 8). Roast the peppers in the olive oil and seasoning until they are just beginning to colour at the edges and their skin has gone wrinkly. Set aside.

Put the water and some salt in a pan with a closely fitting lid and bring to the boil. Add the bulgur and simmer for 5-10 minutes until all the water has been absorbed and the bulgur is chewy but cooked. Stir in the olive oil and allow to cool.

Mix the bulgur with all the other ingredients and serve in a gracious Lebanese manner.

Puy Lentils in a Truffled Balsamic Vinaigrette

Ingredients

175g (6oz) Puy lentils
125ml (4fl oz) red wine
30ml (1fl oz) soy sauce
425ml (15fl oz) water
1 tbsp balsamic vinegar
1 tbsp olive oil
1 tbsp truffle oil

Method
Place the lentils in a pan with a well fitting lid together with the wine, soy sauce and water. Bring to the boil, turn down the heat and simmer with the lid on for about 35-45 minutes until the lentils are completely tender. Just about all of the liquid should have been absorbed. If it has not, turn up the heat and take the lid off the pan and boil fiercely until the remainder has evaporated or been absorbed.

Take of the heat and mix with the rest of the ingredients. Serve either at once or at room temperature.

**The Ultimate Potato Salad Recipe**

This is a sauce that is poured over recently boiled potatoes. This will cover about two kilos worth of potatoes.

**Ingredients**

- 140g (5oz) garlic (2 medium sized bulbs)
- 60g (2oz) ground almonds
- 1 tsp salt
- 90ml (3floz) water
- 1 tbsp white wine vinegar
- 300ml sunflower oil

**Method**

Pre-heat the oven to 230C (45F/gas mark 8).

Break the garlic bulbs into cloves but do not peel and spread them out onto a baking sheet. Bake for 10-15 minutes until soft when pressed and smelling toasty. Allow to cool and then peel.

Toast the ground almonds, either in the oven, spreading them out on a baking sheet and turning over after about 5 minutes when the ones on the surface are coloured or in a dry pan over a medium heat, stirring every 30 seconds or so until most are golden coloured. Allow to cool.

Put the peeled baked garlic and the toasted almond in a blender together with the salt, water and vinegar and whizz until very smooth. While still whizzing, gradually pour in the sunflower oil. Check the seasoning and pour over recently boiled potatoes.

**Nori Sausages with Pepperonata and Arame**

**Ingredients for the sausages**

- 400g firm tofu, diced to the size of green peas

**Ingredients for the marinade**
100ml (4floz) red wine
3tbsp dark soy sauce
3tbsp water
For the rest
2tbsp sesame oil
1tbsp Tabasco
400ml (14floz) basmati rice
1 inch ginger
1 bulb garlic
2tbsp rice wine vinegar (not rice vinegar!)
1tsp sugar
a little wasabi powder (or 1 tsp hot English mustard)
2tbsp dark soy sauce
12 sheets toasted sushi nori

Method
Mix the marinade together, pour over tofu and marinate in the fridge overnight or at least two hours. Drain.

Pre-heat the oven to 240C(475F/gas mark 9). Put the sesame oil and Tabasco sauce over the tofu and mix gently.

Spread out the tofu on a baking sheet. Roast for about 25 minutes until it is going brown and crispy.

Meanwhile, put the rice in a pan with a lid and slightly more than one and a half times its one volume of salted water – about 650ml (1 pint 3floz). Bring to the boil with the lid off then turn down very low, put the lid on and simmer gently for about 10 minutes. Turn the heat off and leave it to continue to cook in its own steam for another 10 minutes or so. Turn out into a large bowl and mix in the roasted tofu. Whizz together the garlic and ginger with the rice wine vinegar and sugar and mix well with the rice and tofu mix. Taste and adjust the seasoning (bearing in mind that the nori you are using for a ‘skin’ will be quite salty).

To prepare the sausages, mix a little wasabi with half soy sauce and half water to make a thin paste. Lay a sheet of toasted nori on a clean work surface and brush with the soy wasabi mix. You are then going to proceed as for a jam roly-poly or a spinach roulade. Put a couple of tablespoons of the rice mixture on to the nori making a neat thin oblong with a small gap at the side nearest to you and a gap of about one third of the sheet at the end furthest from you and a gap about a thums width on either side of the sheet.
Then, starting with the edge nearest you, slowly and carefully begin to roll the sausage up, keeping the roll as tight as possible. When you have just got the roll started, tuck in the side edges on top of the rice mixture and continue rolling. The sausage is sealed by the unfilled bit of nori at the far edge. Your first sausage will almost certainly be a complete mess (unless you made a lot of Blue Peter items as a child) but persevere and after two or three you will be working with the dexterity of a Japanese sushi chef.

You can eat the sausages cold with an oriental salad, but I think they are most delicious hot. To heat them, you really need a microwave – on a fairly high-powered microwave it takes about 30 seconds per sausage, but you should experiment with your machine.

For the Pepperonata and Arame

4 red peppers, in fat long strips
4 yellow peppers, in fat long strips
3 tbsp olive oil
1 large onion sliced to half circles
2 cloves garlic crushed
3 tbsp olive oil
1 tin tomatoes whizzed
1 packet arame, soaked for about thirty minutes and drained
1 good sized bunch of flat parsley, finely chopped

Method

Preheat the oven to 220c(425f/gas mark 7). Roast the pepper in 3 tbsp of the olive oil until going tender and beginning to colour.

Meanwhile make the tomato sauce. Sweat the onion and garlic in the second 3tbsp of olive oil until the onions are very tender. Add the pureed tomatoes and simmer for about 20 minutes.

Add the roast peppers, the drained arame and the chopped parsley. Reheat and check the seasoning. Serve warm but not piping hot with the nori sausages.

**Field Mushrooms Stuffed with Roast Tofu and Shallots**

Ingredients for the marinade

150ml (5floz) dark soy sauce
150ml (floz) red wine
2 cloves garlic crushed

1cm (1/2 inch) fresh root ginger, finely chopped

for the rest

350g (12oz) firm tofu

2 tbsp sesame oil

1 tsp Tabasco

225g (8oz) shallots peeled and quartered

2 tbsp olive oil

2 cloves garlic crushed

pinch chilli powder

salt and pepper

Method

Prepare the stuffing first. Mix together the marinade ingredients (soy sauce, red wine, garlic and ginger). Cut the tofu into 32 small cubes, place in a dish and pour the marinade over it. Leave in the fridge for a couple of hours. If you are leaving it to marinate overnight, add some water to the marinade or the tofu will end up too salty.

Preheat the oven to 220C (425F/gas mark 7). Drain off the marinade, gently turn the tofu cubes in the sesame oil and Tabasco, season and arrange with the shallots on a baking sheet. Roast for about 30 minutes or until the tofu is just crisp on the outside and the shallots are tender but not squashy.

You don’t need to peel the mushrooms. Put the olive oil, garlic, chilli and seasoning in a blender and process until combined. Brush the mushrooms with the oil and garlic mixture, place on an oiled baking sheet and bake until the mushrooms are just beginning to give out their juices.

Transfer the mushrooms to a baking dish and divide the roast shallot and tofu equally between them. There should be a little mountain of stuffing in each one. Return to oven for 20 minutes until sizzling hot.

Serve with garlic mashed potatoes and either mushroom or onion gravy.

**German Lentil Soup**

By Friederike Weberdiehl

1 1/8 pounds dried lentils, (small green Puy lentils are best)

3 medium potatoes
3-4 medium carrots
1/2 celeriac
1 stalk leek
1 small parsley root
3 dried laurel leaves
vegetable oil
6 1/3 cups vegetable stock, with some red wine mixed in
tomato paste, optional
pepper
soy sauce
sugar
red wine vinegar

Dice potatoes, carrots, celeriac and parsley root into fairly small cubes (about 1 cm). Cut leek in 1 cm rings.

Saute the veggies in vegetable oil. Add lentils and vegetable stock (note: lentils should be well covered!), season with soy sauce, pepper, and some sugar (I use at least one teaspoonful). Add the laurel leaves and cook. In a pressure cooker, this takes about 20 minutes.

When cooked, take out the laurel leaves and discard them, add the vinegar (to taste) and tomato paste if desired.

This is a variation of a traditional German recipe. If you want to be traditional you can serve this with a vegetarian sausage - but it is nice by itself, and particularly good for a cold winter day. If you can't get celeriac you can substitute celery stalks, and if you can't get parsley root you may want to substitute it with parsnip.

(NOTE: This was originally in metric, and I converted it to American. The original measurements were 500g of lentils, and 1.5 litres of stock. KES)
One 12 oz jar cabbage kimchi, chopped

1/2 lb firm tofu, cubed

3 green onions, green and white parts, chopped

1 tbsp rice vinegar

1 tsp sesame oil

seedless cucumber, cut into 1/2 inch pieces

sweet potato, cooked and cut into 1/2 inch pieces

After the rice is cooked and still warm, add the rice vinegar and sugar. Mix thoroughly. Scoop up 1 heaping tbsp rice, place a piece of one of the suggested fillings in the center of the rice and form a ball around the filling. Mix the dipping sauce ingredients in a small bowl.

Serve the rice balls and dipping sauce at room temperature.

Middle Eastern Potato Casserole – Virginia McKenna

A dish of this simplicity depends entirely on slow cooking so that the flavours have plenty of time to develop. Serves 8

**Ingredients**

1.75kg/3 ½ lb potatoes
750g/1 ½ onions, diced
50ml/2fl oz olive oil
1 tsp turmeric
1 tsp ground coriander
65ml/1 ½ fl oz water
dash of Tabasco
3 cloves of garlic crushed

4-5 strands saffron, dissolved in 50ml/2floz hot water

150g/6oz raisins

1 tbsp fresh parsley

1 tbsp fresh coriander

salt and freshly ground pepper

**Method**

Peel and cut the potatoes into even-sized pieces and place in pan of cold, salted water. Bring to the boil until tender but still firm, as they are going to cook further. Drain and set aside.

Fry the onion in the olive oil until transparent and add the turmeric and ground coriander. Continue to fry until the spices are well absorbed and the grittiness is all cooked out. Add the potatoes and half the water. Add the salt pepper Tabasco and crushed garlic and simmer for a further 7-8 minutes.

Now add the saffron stock and raisins and continue to simmer for at least another 10 minutes, until the potatoes are tender and the sauce is thickened and a rich golden colour with the flavours mingled into an evocative whiff of the orient.

Just before serving, add in the chopped parsley and coriander and, if you wish, a further glug of olive oil, gently stirred in.

**Vegetable Risotto – Eric Richard**

6oz brown rice

2 tbsp olive oil

1 large onion, chopped

1 or 2 cloves of garlic, crushed

1 red pepper, sliced

4oz mushrooms, sliced

1-cup peas (fresh or frozen)

1-cup sweetcorn (fresh or frozen)

2 medium carrots, chopped into small cubes
a pinch of mixed herbs

freshly ground salt and pepper

**Method**

Put the rice into a sieve and run under the cold tap until the water runs clear. Place the washed rice in a saucepan and cover with an inch of water, bring to the boil and simmer until tender. Taste to check.

Wash and prepare vegetables. Put the peas, sweetcorn and carrots in a pan of boiling water and simmer for 5 minutes. Heat the olive oil in a large frying pan and add the garlic until it begins to brown – then add the onion. Fry gently for about 3 minutes then add the red pepper and mushrooms. Fry gently for another 3 minutes and add the salt pepper and herbs to taste.

We often use just one herb such as oregano or thyme for a difference. After a few minutes turn off heat and put a lid on the frying pan and leave for 5 minutes to let the flavours mingle.

Flavours of India - Madhur Jaffrey

Mango Curry – Manga Kalan

Mango curries are a Kerala treat. This one may be served with all Indian meals. I serve it in individual bowls, to be eaten with a teaspoon.

If you wish to use unsweetened, desiccated coconut instead of fresh coconut use 150g/5oz/1 ½ cups. Barely cover with warm water and leave for 1 hour, then proceed with the recipe.

**Ingredients**

3 medium-sized ripe mangoes, peeled, pit removed and flesh cut into 1cm/½ inch pieces

1 tsp ground turmeric

1 tsp cayenne pepper

1-1 ½ tsp salt

50g/2oz jaggery or brown sugar, if needed

300g/11oz/2 ¾ cups freshly grated coconut

3-4 fresh hot green chillies, coarsely chopped

½ tbsp cumin seeds

300ml/10floz/1 ¼ cups plain soya yoghurt lightly beaten

2 tablespoons coconut oil or any other vegetable oil
¼ tsp brown mustard seeds

3-4 dried hot red chillies broken into halves

¼ tsp fenugreek seeds

10-12 fresh curry leaves, if available

**Method**

Put the mangos in a medium-sized pan. Add 250ml/8fl oz/1 cup water. Cover and stew for 8-10 minutes over medium-low heat. Stir occasionally. Add the turmeric, cayenne pepper and salt. Stir well. (if the mangoes are not sweet enough, add the jaggery or brown sugar to make the dish sweeter).

Meanwhile, put the coconut, green chillies and cumin seeds into the container of an electric blender. Add 250ml/8fl oz/1 cup water and blend to a fine paste.

When the mangoes are cooked, mash them to a pulp. Add the coconut paste. Mix. Cover and simmer over medium heat, stirring occasionally, until the mixture becomes thick.

This should take about 10-15 minutes. Add the soya yoghurt and heat, stirring, until just warmed through. Do not let the mixture come to the boil. Remove from the heat and put to one side. Check for salt.

Heat the oil in a small pan over medium-high heat. When hot, add the mustard seeds. When the mustard seeds begin to pop, a matter of a few seconds, add the chillies, fenugreek seeds and the curry leaves. Stir and fry for a few seconds until the chillies darken. Quickly add the contents of the small pan to the mangoes. Stir to mix.

Smear a large, wide, non-stick frying pan with 1 tsp of the oil and set over lowish heat. When very hot, stir the batter and pour about 70ml/2 ¾ fl oz/ 1/3 cup on to the centre of the pan. Quickly tilt the pan in all directions as you would for a crepe, spreading the batter to make an 18-19cm/7-7 ½ inch pancake.

Cover and cook for 3 minutes or until the pancake is reddish brown at the bottom.

Dribble another tsp of oil around the edges of the pudla. Turn the pudla over and cook, uncovered, for further minute or until golden. Remove from the heat and keep covered between 2 plates. Repeat with the remaining batter. Always remember to stir the batter before use it. (left over batter maybe be covered, refrigerated and re-used.)

Gujaraties eat many vegetables that are very lightly stir-fried. Rather like Chinese vegetables, they are expected to remain crunchy even after they are cooked. These carrots go well with all Indian meals.

Ingredients

3 tbsp peanut or any other vegetable oil
½ tsp brown mustard seeds
¼ tsp ground asafoetida
550g/1 ¼ lb carrots, peeled and very coarsely grated
6 fresh hot green chillies, slit in half and cut into long slivers
½ tsp salt
¼ tsp ground turmeric
½ tsp ground coriander
½ tsp lime juice

Method

Heat the oil in a large, wide, preferably non-stick pan or wok over medium heat. When hot, add the mustard seeds. As soon as they pop, a matter of seconds, add the asafoetida. Stir to mix. Add the
carrots, chillies, salt, turmeric, coriander and lime juice. Stir and fry for 2-3 minutes. Remove from the heat. The carrots should remain slightly crunchy.

Stuffed Potato Patties – Alu Tikki

Within Bengal there is a vegetarian tradition where no garlic and onions are used and certain vegetables and pulses (legumes) are forbidden. Such food is supposed to be eaten by widows. While many women have followed these rules, they have created from adversity some of Bengal’s most delicious dishes. This is one of them. Serve with a salad or as part of an Indian meal.

**Ingredients**

4 small-medium (450g / 1lb) peeled potatoes

1 ¼ tsp salt

1 tsp black peppercorns

¼ tsp fennel seeds

2.5cm / 1 inch piece of fresh ginger, peeled and finely chopped

5-6 fresh hot green chillies, finely chopped

about 5 tbsp vegetable oil

50g/2oz/½ cup shelled peas (frozen peas, defrosted well, may be used)

50g/2oz/1/3 cup grated carrot

50g/2oz red pumpkin peeled and cut into 1 cm/½ inch dice

50g/2oz/½ - ¾ cup cauliflower cut into 1cm/½ inch pieces

½ tsp sugar

150g/5oz/1-cup plain (all purpose white) flour

**Method**

Boil the potatoes until cooked. Mash well with ¾ tsp salt

Put the peppercorns and fennel seeds into a clean coffee grinder. Grind to a fine powder. Put the ginger, chillies and the ground black pepper mixture into the container of an electric blender. Add 100ml/3½ fl oz/½ cup water. Blend to a fine paste.

Heat 1 tbsp of the oil in a small pan over medium heat. When hot, add the vegetables, spice paste, remaining salt and the sugar. Stir and fry for 6-8 minutes over medium-low heat until the vegetable are tender. Add a sprinkling water, if needed, to prevent them sticking. Remove from the heat.
Put the mashed potatoes and cooked vegetables into a bowl. Mix well. Divide the mixture into 4cm/1 ½ inch balls. With lightly floured hands, flatten each ball to roughly 7.5cm/3 inch rounds. Coat with the flour.

Heat 3 tbsp of the oil in a large, wide frying-pan over medium heat. When hot, put in as many of the potato patties as the pan will hold easily in a single layer. Fry for 2-3 minutes on each side until golden and hot in the centre. Make all the patties this way, adding more oil as needed. Serve immediately.

Sweet and Sour Red Lentils – Tak Dal

The Ghoti community of West Bengal uses a fair amount of sugar in its food. Many of its dishes, such as this dal, are sweet and sour. The sourness may be provided by thin slices of raw green mangoes in season or tamarind. Eat this with plain rice and a selection of vegetables.

Ingredients

250g/9oz/1 ¼ cups red lentils

¼ ground turmeric

tbsp mustard or any other vegetable oil

½ tsp brown mustard seeds

½ tsp panch phoran

4 hot dried red chillies

1 bay leaf

1 ¼ tsp salt

2 tbsp thick tamarind paste or to taste

1 tbsp sugar or to taste

Method

Wash the lentils in several changes of water until the water runs clear. Put them in a medium-sized pan with the turmeric and mix. Cover with 1 litre/1 ¼ pints/4 ½ cups water. Bring the lentils to the boil over medium-high heat. Reduce the heat to low, cover partially and simmer for 40 minutes or until the lentils are tender. Stir now and then during the last 10 minutes. When the lentils are cooked, mash with a spoon to a pulp-like consistency.

Heat the oil in a large, wide, preferably non-stick pan of wok over medium-high heat. When hot, add the mustard seeds. As soon as the pop, a matter of seconds, add the panch phoran, chillies and bay leaf. Stir and fry for 5-6 seconds or until the chillies darken in colour. Add the cooked lentils, 150ml/5fl oz/2/3 cup water and the salt. Stir to mix. Add the tamarind paste, a little at a time to get the sourness you desire. Add just enough sugar to balance the sourness. Bring to the boil. Turn the heat to a low and simmer for 8-10 minutes. The finished dal should have the consistency of a thick puree.
Munchable Peanut Salad - Sundal

For most vegetarians in Tamil Nadu, peanuts form an important part of the diet. Plain boiled peanuts, sprinkled with just a little salt and cayenne pepper, are sold from small wooden carts by eager vendors. They are plain and good. This is a somewhat more elaborate version of the same idea. Sundals with variations in seasonings can be made out of soaked and boiled beans, chickpeas and dried peas, even split peas. They are sold in the evenings on the beach.

I like to put a blow out for people to nibble with drinks. I also leave several teaspoons for people to dig in with. Nothing is fried here so this makes for nutritious snack food as well.

200g/7oz/ 1 ½ cups raw, shelled, skinless peanuts

1 ½ - tsp salt or to taste

4 shallots (50g/2oz) peeled and cut into fine slivers

2 medium-sized tomatoes, finely chopped

2¼ tsp cayenne pepper

4 tbsp lime juice

**Method**

Soak the peanuts in warm water to cover for 1 hour. Drain. Put the peanuts in a saucepan. Add water to cover well. Add 1 tsp of the salt an bring to the boil. Cover, turn the heat down and cook for about 20 minutes or until the peanuts are tender. Drain. Put the peanuts in a bowl.

Add all the remaining ingredients, using just as much salt is needed for a good balance of salt and sour. Mix well.

Frumenty

This very simple dish is as old as the invention of cooking pots. In the Middle Ages, frumenty was probably eaten more widely as a staple food than bread and was used as a savoury or a sweet dish depending on what was added to it. It was originally cooked next to a fire. It is ideal for cooking in a thermos flask or a haybox.

Wash whole wheat berries and place it in an earthenware crock or casserole with three times its volume of boiling water. Put the dish in a hot oven and after a few minutes turn off the heat and leave undisturbed for 24 hours. The husks should have burst by the time and the wheat set to a thick, creamy white jelly.

Shell the peas and place in a large pickling jar with the margarine, sugar, salt and mint. Cover the jar tightly and stand in a pan half filled with water. Boil for 1/2 hour, after which the peas, as long as they are young, should be cooked.

Alternatively, once the peas inside the jar are hot, the remainder of the cooking time could be done in a haybox.

Stuffed Nasturtium Leaves

4 cloves garlic
1 red pepper chopped
1 tsp pickled nasturtium seeds

Line a flat dish or heavy metal casserole with the extra leaves and lay the stuffed leaves, open sides down, over them. Slice the garlic cloves and distribute them between the leaves. Pour oil and 2 tbsp water over the top, cover the dish and either bake in a slow oven for 1 hour or simmer very gently on top of the stove. Can be served hot or cold.

Tibetan Momo with Shamdur Sauce

Serves 8

Pastry

200g plain white flour

200g wholemeal flour

1 tsp bicarbonate of soda

water to mix a soft dough

285g plain tofu in small cubes

Marinade

4 tbsp shoyu

1 tbsp sweet chilli sauce

1 tsp apple juice concentrate

2 cm fresh ginger root, grated

1 tbsp sunflower oil

1 bunch spring onions, finely chopped

1 green chilli, finely chopped

4 garlic cloves, finely chopped

1/2 tsp ground cumin
1/2 tsp ground nutmeg
1/2 tsp ground cinnamon
100g shitake mushrooms finely chopped
salt and pepper to taste
sunflower oil for deep-frying

Shamdur Sauce
2 garlic cloves, crushed
2 tbsp shoyu
1 tbsp sweet chilli sauce
1 tsp tomato puree
Mix the garlic, shoyu, sweet chilli sauce and tomato puree together

Pastry
First make the pastry. Mix the flours together, then add the bicarbonate of soda, making sure there are no lumps. Mix well and then slowly add cold water, a little at a time. Use your hands to form a soft dough and set aside.

Drain the liquid from the tofu and cut into little cubes.

Marinade
For the marinade, mix together the shoyu, chilli sauce and apple juice concentrate and add the squeezed juice from the grated ginger. Add the tofu and leave to marinate for 30 minutes

Lightly stir fry the spring onions, chilli and garlic in the sunflower oil. Add the spices and the mushrooms and stir fry for a couple of minutes. Add the tofu and all the marinade and stir fry for a few more minutes until the mixture has absorbed most of the liquid. Season to taste.
On a well floured surface, roll out the pastry to 1/4 cm thickness and cut out about 20 x 18cm circles. Take a large teaspoon of the filling and place in the middle of each pastry circle. Fold the circle in half making a half moon shape. Pinch the edges together firmly so none of the juices can escape when cooking. The idea is to get the Momo to sit up, so that the pinched edge will be uppermost. Squash the Momo down onto it’s base so that it looks like a min pasty. Pinch the edges to look like a three cornered hat.

Heat the oil for deep frying and fry until golden. You can also bake them until crisp.

Serve piping hot and dipped in the Shamdur sauce.

Corn, Coconut, Lime and Basil Soup

4 cobs of corn
2 tbsp vegetable oil
2.5cm (1inch) piece fresh root ginger peeled and grated
2 shallots, sliced
1 jalapeno chilli, seeded and finely chopped
3 kaffir lime leaves or zest of 1/2 lime
120ml (4oz) unsweetened coconut milk
large handful of fresh basil leaves
2 limes, each cut into chunks to serve

Scrape the kernels from the cobs with a sharp knife and put the kernels in a bowl. Set aside.

Break each of the cobs into 2-3 pieces, put them in a large saucepan and add 1.5 litres (2 3/4 pints) water. Bring to the boil then reduce the heat and simmer, covered, for 1 hour. You will need to skim the foam from the top of the liquid with a large spoon, especially for the first 30 minutes. Strain the stock through a fine-mesh strainer or cheesecloth.

Heat the oil in a clean saucepan and add the ginger, shallots and chilli. Fry gently for 5 minutes, stirring
frequently, until the shallots are softened. Add the kaffir lime leaves or lime zest, reserved corn stock (or the equivalent volume of vegetable stock) and coconut milk. Bring up to the boil, then reduce heat immediately and simmer for 5 minutes. Add water, if necessary, to achieve the texture you prefer. Add the reserved kernels and simmer for another 5 minutes.

Ladle the soup into warm bowls. Stack about 6 basil leaves together, roll them into a cigar shape and slice thinly. Repeat with the remaining basil. Scatter the basil strips over the soup. Serve with wedges of lime.

M’jaddara (Palestinian Rice with Lentils)

1 cup lentils (adas baladi, if available)
1/2 cup rice
1 1/2 tsp salt
3/4 tsp pepper
1 1/2 tsp cumin
1 onion
1/4 cup olive oil

wash the lentils under the running tap. Put them in a cooking pan with just one cup of water and bring
them to a boil on high heat, it takes 5-7 minutes. Lower the heat and cook them covered for another
15-20 minutes or until all the water is absorbed. Add the washed rice, the salt, pepper, and cumin, add
another cup of water, stir gently and leave to boil, then lower heat. At this stage of the cooking you can
put a grid under the pot in order to make sure that the rice and lentils will not stick to the bottom of the
pan.

While the lentils are cooking, peel and wash the onion and chop it into rings. Heat the olive oil in a frying
pan and fry the onion rings until they turn golden. By this time, the cooking water of the lentil and rice
mixture will have been almost absorbed: add the hot oil from the pan to the lentils, but do not add the
onion rings, and stir gently with a wooden spatula. Leave to simmer for a few minutes until the liquid is
totally absorbed, then remove from the stove and leave to rest for a few minutes before serving.

Use the onion rings to decorate the top of the serving plate and prepare a tomato salad to serve on the
side.

Salatet el-raheb (Palestinian Aubergine Salad)

Wash and dry the aubergines without removing the stems, then place them in a pan and grill them on high heat on top of the stove. It is possible to grill them in the oven for some 40 minutes but they do not acquire the same smoky flavour and are therefore less tasty. Turn them on all sides until the skin becomes hard and blackened, ten minutes a side, making sure not to pierce them in the process so as to preserve the liquid. Set aside to cool.

Meanwhile, wash and dry the tomatoes and cut them up into small cubes,

Peel the aubergines carefully. The skin comes off quite easily, however make sure that none of it remains with the now soft interior. Mash the pulp and add the salt and pepper.

Serve in a deep plate and spread the chopped tomatoes over the surface.

For the dressing:

3-4 garlic cloves
1 hot pepper
1/2 cup olive oil
3 tbsp freshly squeezed lemon juice
salt and pepper to taste
a few mint leaves to garnish

Wash the hot pepper and remove stem and seeds. Peel the garlic. Mash them both with a dash of salt with a heavy pestle and mortar. Add the oil gradually, all the time working the mixture and alternating with lemon juice. The sauce should be smooth. Add salt and pepper to taste and spoon out over the tomatoes. Garnish with whole mint leaves around the edges to form a crown.

Balilah (Palestinian ChickPea Salad)

1 small bunch parsley (1/2 cup) chopped
1/4 cup lemon juice

1 1/2 tsp cumin
1/3 pepper

If you are using spring onions, trim the ends while leaving a large portion of the green stems. Wash the parsley, cutting off the stems and set it aside to drain. On a wooden board, finely chop the onion and the parsley. Put them in a deep salad bowl, add the cooled chickpeas, the seasonings and the spices and mix thoroughly.

When they are done, take them out of the oven and leave them to cool for half an hour before you peel and remove the stem and seeds. Cut them in long flat strips and put them on a flat serving plate, alternating a few green strips with red ones. Wash the coriander leaves and let them drip on a paper towel; meanwhile peel the garlic cloves and chop both very finely on a wooden board. Chili Rellenos

To prepare fresh green chillies, roast about 12 big ones (at least 6 inches long) under the broiler or on the griddle, turning them until the skin puffs up all around. Put them immediately in a paper bag, close it up and let them sweat for 20 minutes. Then pull them out one at a time and pull off the skins and remove the seeds and veins.

Sautee small chopped onion and a couple of cloves of garlic in a pan with a little oil until onion is translucent. Crumble in a package of firm tofu and half a teaspoon each of oregano, thyme and ground cumin. Sautee for 5-10 minutes on medium heat.

Fill each pepper with tofu, then prepare a batter of 1 ½ cups flour, 1 cup water, 2 tsp salt ¼ tsp pepper.

Dunk each tofu filled pepper in the batter and deep fry in hot oil until golden brown. Drain on paper towels. Serve with fresh salsa.

A couple of dashes of fish-free Worcestershire sauce

(optional)

A handful of fake bacon bits
A couple of slices of fake ham (‘Yves’ (US) or ‘Not Ham’ (UK, Oz), chopped

Boil the split peas with salt until they are soft and start to break down (about half an hour). Add garlic, onions, stock cubes, black pepper and Worcestershire sauce and simmer for another 20 minutes or until the onion is cooked. If you have one, take out your handheld blender and whizz it down until smooth (not really necessary). Toss in the fake bacon and ham and let simmer for another 10 minutes. Serve with crusty bread.

Blintzes

Combine:

1 cup white flour

1/4 cup oat flour

1/2 tsp salt

1 tbsp sugar

1 tsp baking powder

Whisk in 4 cups cold water. Pour 1/8-1/4 cup batter in a hot, lightly oiled frying pan and immediately tilt the pan to spread the batter evenly over the surface of the pan in about 6 inch circles. 2 cups mashed tofu

6 tbsp margarine

1/2 cup blended tofu (creamy)

6 tbsp sugar

1/2 tsp salt

Scones
2 cups white flour
2 tbsp baking powder
¼ cup sugar
½ tsp salt
4 tbsp margarine (room temperature)
½ cup raisins (optional)
2/3 cup soymilk (approximately)

Sift all dry ingredients together. Rub margarine into the dry ingredients slowly with your finger tips, or between thumb and fore fingers. Add raisins and enough soymilk for a soft dough.

Roll out, onto a floured board, about ½ inch thick and cut into large rounds or triangles. Bake on an oiled cookie sheet at 475F for 10-12 minutes. Good hot, cold or reheated.

Applesauce Cake
½ cup oil
1 ½ cups sugar
1 ½ cups unsweetened applesauce
2 cups white flour
½ tsp salt
1 ½ tsp baking soda
½ tsp cinnamon
¼ tsp ginger
¼ tsp cloves
¼ tsp allspice
¼ tsp nutmeg

Mix oil and sugar well, add applesauce and mix in the dry ingredients. Beat until smooth. Pour into an oiled and floured 8 inch cake pan or angel food cake pan and bake at 350F for 45-50 minutes, or slightly longer if using a loaf pan. Cake is even better the next day.

Soft Sandwich Buns
Heat 2 cups soymilk to scalding. Pour into a bowl containing:

1/4 cup margarine or oil
1/2 cup sugar
1 1/2 tsp salt

Combine in a small bowl:

1/4 cup lukewarm water
2 tbsp yeast
1/4 tsp sugar

Let sit 5 minutes. After the milk has cooled, add the yeast mixture. Then add 1/2 cups flour and beat about 200 times. Let rest for a 5-10 minutes. Add 4 cups more flour and beat well.

After this is added, you will begin to mix with your hands. Depending on the type of flour you’re using, add about 1 more cup flour or enough to produce a consistency of dough that can be turned out onto a floured board. Knead 5 minutes. Put in a well-oiled bowl and let rise for 1 hour. Punch down and form about 12 rolls. Place on an oiled cookie sheet. Let rise 1/2 an hour. Bake at 375F for about 20 minutes or until the bottoms are brown and the tops are beginning to brown. Brush with margarine or oil.

Bagels

Dissolve 2 tbsp baking yeast and 6 tbsp sugar in 2 cups warm water. Add 2 cups unbleached white flour, beating it in with a whisk. Let rise as a sponge for about 10 minutes. Beat in 1/2 cup oil, 2 tsp salt and about 4 more cups flour (use a whisk until it gets too thick-then just use a spoon).

Turn dough out on a floured board and knead for about 10 minutes. Add only enough flour on the board to prevent sticking. The dough should be soft but not sticky. Roll lumps of dough between your hand and the worktable into rolls 3/4 inch x 8inches. Take one end of a roll an wrap around our first two fingers into bagel shape, sealing the two ends by rolling them together between your fingers and worktable to make a smooth seam. Let rise 5 minutes on a well floured board. Repeat until you have about 30 bagels.

Have ready a 4 quart pot two thirds full of boiling water. Add 1/3 cup sugar. Drop 4 or 5 bagels into the rapidly boiling water, risen side down, and put on a lid. Boil 30 seconds on one side then 30 seconds on the other, keeping a rapid boil all the time. Remove bagels with a slotted spatula and place about 1/2 inch apart on a well-oiled cookie sheet. Bake at 375F for 25-30 minutes or until golden brown.

50g/2oz freshly grated or desiccated coconut
1 green chilli
1 tsp fennel seeds
2 tbsp oil
1 tsp mustard seeds
1 large onion, finely chopped
a few curry leaves
1 tsp turmeric powder
salt

Using a spice mill or pestle and mortar, grind the coconut, green chilli and fennel to a fine paste.

In a large frying pan, heat the oil. Add the mustard seeds and as they begin to pop, add the onion and curry leaves. Stir well and cook over a medium heat until the onion is golden brown.

Nadan Parippu

200g/7oz moong dal (aka green lentils)
1 green chilli finely chopped
a few curry leaves
salt

For the spice paste:

50g/2oz fresh coconut roughly chopped
1/4 tsp cumin seeds

Wash the moong dal thoroughly and set aside to drain. To make the spice paste, place the coconut and cumin seeds in a grinder with 225ml/8floz or water and process for 1 minute. Set the paste aside.

Half-fill a large saucepan with water and bring to the boil. Add the green chilli and some salt then the dal. Cook for 15 minutes or until the dal is very tender. Drain off any excess water, leaving the dal in the pan – you want the dal to be dry, thick and sticky, almost like mashed potato.

Add the coconut mixture to the cooked dal and stir well. Place over a low heat, bring to the boil and simmer for 5 minutes. Add the curry leaves and stir until well blended.

Remove the saucepan from the heat and serve the dal straight away; do not try to reheat or serve the dal a later stage, as the curry will become too starchy and thick if left standing.

The Voluptuous Vegan - Myra Kornfeld

Rosemary Aioli

1 small head of garlic

2 tbsp plus 1 tsp extra virgin olive oil

1/2 lb silken tofu

1 tsp mustard powder

1 tsp fresh lemon juice

1 tsp salt

pinch of white pepper
1 tsp finely chopped fresh rosemary

Preheat the oven to 375F. Remove the papery outer skin of the garlic and cut off the top fifth. Place the garlic on aluminium foil and drizzle with 1 tsp of the oil. Wrap the garlic completely in the foil and place on an oven rack to roast for about 30 minutes, or until soft. Squeeze the softened garlic cloves out from their skins.

In a food processor fitted with a metal blade, combine the garlic, the remaining 2 tbsp of oil, tofu, mustard powder, lemon juice, salt and pepper. Process until smooth. Add the rosemary and pulse to combine. Pour into a bowl and let sit for 20 minutes or so before serving.

Slather on fresh bread, or use any place you’d use mayonnaise.

**Provencal Stew**

1 tbsp extra virgin oil

2 cups chopped, cleaned leeks

2 medium portobello mushrooms cleaned and cut into 1-inch squares

1/2 cup dry white wine

1 14oz can diced tomatoes

pinch of saffron

2 tsp ground fennel seeds

2 medium carrots, chopped

1 small head of cauliflower, cut into florets (3 cups)

2 celery heads, cut on the diagonal into 2 inch chunks

Make a bouquet garni of 2 rosemary sprigs, 4 thyme sprigs, a handful of parsley stems and 1/4 tsp black pepper corns

3 cups water

1 14oz can chickpeas, drained and rinsed

1 tsp fresh lemon juice

salt and black pepper to taste

1/4 cup chopped fresh flat leaf parsley

Warm the oil in a pot or Dutch oven over medium heat. Add the leeks and mushrooms and sauté for 10 minutes or until the leeks are softened but not browned. Add the wine, turn the heat up to high and cook
until the liquid is reduced by half.

Add tomatoes, saffron and fennel seeds to the pot and cook for 5 minutes, stirring once or twice.

Add the carrots, cauliflower, celery, bouquet garni and the water. Cover and bring to a boil, then lower the heat, partially cook and simmer for 15 minutes. Add the chickpeas and cook another 10 minutes.

Add the lemon juice and season with salt and pepper. Remove bouquet garni and stir in chopped parsley.

**Roasted Potato Batons**

2 lbs russet potatoes

1/4 cup extra virgin olive oil

salt

Preheat the oven to 375F

Peel the potatoes and cut lengthwise into 1/4 inch slabs. Stack a few slices at a time and cut lengthwise again into 1/4 inch batons. Rinse the potatoes under running water to remove surface starch. Drain on paper towels and pat lightly to dry. Place in a medium bowl and toss with the oil and salt to taste.

Spread the potatoes on a parchment covered baking sheet and roast for about 45 minutes, tossing every 10 minutes until the potatoes are lightly golden and cooked through.

**Potato Latkes**

1 1/2 lbs russet potatoes

1/2 cup unbleached white flour

1/2 tsp baking powder

1 1/2 tsp sea salt

freshly ground black pepper

1 cup minced onion

1/2 cup grated carrot

1/2 cup thinly sliced scallions

2 tbsp unflavoured soy milk

oil for shallow frying
Peel the potatoes. In a food processor fitted with a metal blade, process half the potatoes until they are finely chopped. Change the blade to the grater and grate the remaining potatoes or grate them by hand. Combined, you should have about 4 cups of potatoes.

Transfer the potatoes to a strainer placed over a bowl and let them drain for about 10 minutes. Squeeze the potatoes with your hands to extract any remaining liquid. Let the liquid sit for a few minutes to allow the starch to settle to the bottom of the bowl, then pour off the liquid leaving the starch behind. Add the potatoes and stir to combine, add the flour, baking powder, salt, pepper to taste, onion, carrot, scallions and soy milk to the potatoes and mix thoroughly.

Heat 1/2 inch of oil in a medium or large skillet until very hot. (Do not let the oil get so hot that it smokes, however). Press a heaping tbsp of potato mixture flat between your hands, round the edges, flatten and smooth again, then gently drop into the hot oil. Make 3 or 4 more latkes the same way and add to the pan, taking care not to crowd them. Fry for 3 to 4 minutes or until the edges are golden, then turn and fry for 2-3 minutes on the other side.

Preheat the oven to 275F. Remove the pancakes onto a plate lined with paper towels or a brown paper bag to absorb the extra oil. Repeat with the remaining latke mixture keeping each batch of latkes hot in the oven until ready to serve. Serve hot.

Preheat oven to 350F

Whisk together the rice syrup and oil in a small bowl then stir in the cayenne.

Place the sesame seeds in a small bowl, with water to cover. Swish to rinse and pour off any floaters. Drain the seeds in a strainer, then transfer to a dry skillet and toast until fragrant.

Tear each nori sheet into three strips. Use a pastry brush to paint each strip with a thick coat of the syrup mixture. Sprinkle liberally with toasted sesame seeds and sprinkle liberally with salt.
Place the nori strips on a parchment covered baking sheet and bake for 10 minutes to allow the coating to set, then turn the strips over and paint the other sides with the syrup mixture. Sprinkle as before with sesame seeds and salt. Return to the oven for 10 minutes, then set aside for 20 minutes to crisp. Break each strip in two pieces.

Great snack with hot sake or beer.

**Orange-Ginger Tofu Triangles**

1 lb firm tofu

1 cup fresh orange juice

1/4 cup rice vinegar

1/3 cup shoyu

1/3 cup oil

4 tbsp dark sesame oil

3 garlic cloves minced

1 tbsp minced peeled fresh ginger

1/4 tsp hot red chilli pepper flakes

1 scallion, chopped into 1 inch pieces

1/4 cup roughly chopped cilantro

2 dried chipotle chiles (optional)

Turn the tofu on its side and cut it into 4 thin slices. Lay the tofu flat again and cut the block diagonally to make 8 triangles. Without separating the pieces, press the tofu for at least 30 minutes (to squeeze out excess moisture).

In a medium bowl, whisk together the orange juice, vinegar, shoyu, oils, garlic, ginger and red pepper flakes.

Separate the pressed tofu pieces and place them in a baking dish in a single layer. Cover with marinade and sprinkle with the scallions and cilantro. Cut the stems off the chillies, remove seeds and place the chillies in the baking dish. Marinate for at least 30 minutes, and up to overnight. Preheat the oven to 350F.

Pour off some of the marinade so the tofu is covered halfway. Bake for 40 - 45 minutes, without turning, until the tofu is golden and most of the marinade has been absorbed.
Arame Salsa

1 cup dried arame
1 cup apple cider or apple juice
1/2 medium cucumber, peeled, seeded and cut into small cubes
2 tbsp fresh lemon juice
1 scallion, finely sliced
1/2 cup minced red onion
1 small jalapeno, minced
1/4 cup chopped fresh cilantro
1 garlic clove, minced
salt

soak the arame in water for 20 minutes. Drain, then place the arame in a medium skillet with the apple
cider. Simmer, uncovered, until the cider has completely evaporated, about 10 minutes. Transfer the
arame to a bowl and let it sit for a few minutes to cool.

Add the cucumber, lemon juice, scallions, onions, jalapeno, cilantro and garlic. Mix thoroughly to
combine and season with salt to taste.

Pumpkin, Sage and Pecan Chile Ravioli with
a White Bean and Garlic Sauce

1 medium winter squash (2 – 2 1/2 lbs) such as kabocha, butternut or hokaido (you will need 2 cups
cooked squash)

3 tbsp extra virgin olive oil
1 onion, finely chopped (1 cup)
1/2 cup chopped
2 tbsp minced fresh sage
salt and pepper to taste

Red Chile Pasta Dough (see below)

Make the Red Chile Pasta Dough (see below)
Preheat the oven to 350F. Cut the squash in half from stem to bottom and place cut side down on a parchment covered baking sheet. Bake for about 45 minutes, or until tender. Let the squash cool for a few minutes, then remove and discard the seeds. Scoop the flesh into a bowl and mash with a fork. Measure out 2 cups mashed squash, reserving any extra.

Warm the oil in a medium skillet. Add the onions and sauté until they are browned, about 10 minutes. Add the pecans and sauté for a few minutes more, add the squash, mixing until it is heated through. Stir in the sage, and season with salt and pepper to taste. Remove from the heat.

Roll out dough into 2 equal sheets and score a grid of 2 inch squares with a ruler and pastry cutter. Put equal, well-rounded amount of each of the squares. Brush a little water along the edges of the squares in case the dough starts to dry out. Lay the second sheet over the first and press down around the mounds to seal the edges. Cut out the squares with a pastry wheel using the ruler to help guide you. Lay the raviolis on a lightly floured tray.

Make the White Bean and Garlic Sauce (see below)

Bring a large skillet filled 2 inches of water to a simmer. Add the raviolis and cook for 3-5 minutes depending on the dryness of the your pasta.

Use a slotted spoon to gently lift the raviolis out of the water. Drain briefly for a moment, then serve immediately, covered with White Bean and Garlic Sauce.

**Red Chile Pasta Dough**

1 ancho or guajillo chile

1 pasilla or New Mexican chile (or just use another ancho chile)

1 tsp annatto seeds (optional)

2 tbsp extra virgin olive oil

1/4 lb silken tofu

2 cups unbleached flour

1/2 tsp salt

Remove the stems and seeds from the dried chiles and place in a bowl. Pour boiling water over the chillies and let sit for 10-15 minutes, or until they are softened.

Meanwhile, if you are using the annatto seeds, heat them with the oil in a small saucepan just until the oil is warm and has turned orange. Strain the oil, discarding the seeds.

Place the softened chiles and 2 tbsp of the chile soaking liquid, the oil and the tofu in the blender and blend until smooth.

Sift the flour onto a work surface (a large wooden board is good) in a mound and make a hollow in the
middle. Pour the chile tofu mixture into the hollow and add the salt. With a fork, first mix the salt into the tofu mixture and then gradually draw in the flour from the edge, incorporating it little by little until a paste begins to form. Then use both hand to gather the remaining flour together and work it into the dough.

Work in as much of the flour as you can; there will be a few little straggly pieces of dough and a little flour that does not get worked in. Wash your hands to remove dough. Scrape up the excess dough pieces and flour sticking to the board with a pastry scraper or knife and sift them through a strainer so that flour falls back onto the board. Discard the pieces caught in the strainer. Knead, working in the last bit of flour, with vigorous rhythmic motions for 5–10 minutes, or until the dough has a firm, slightly elastic consistency, is not sticky, and has become smooth and pliable. Cover with plastic wrap and let rest for about 1 hour at room temperature before making ravioli.

**White Bean and Garlic Sauce**

1 1/2 cups navy beans or northern beans, soaked or 2 15oz cans, drained and rinsed

salt

2 tbsp extra virgin olive oil

2 onions, finely chopped (making 2 cups)

8 garlic cloves thinly sliced

5 sprigs fresh sage

handful of fresh thyme sprigs

1 bay leaf

2 tsp lemon juice

freshly ground black pepper

drain the soaked beans. Cover with 6 cups of water and pressure cook for about 8 minutes for the navy beans or 10 minutes for the great northern beans. Season with salt to taste. Let the beans sit in the cooking liquid for a few minutes to absorb the salt. Drain the beans, reserving the cooking liquid.

Or, on the stovetop, simmer the beans in 8 cups of water, partially covered for about 1 1/2 hours or until the beans are soft. Season with salt to taste. Let the beans sit in the cooking liquid for a few minutes to absorb the salt. Drain the beans, reserving the cooking liquid.

Warm the olive oil in a medium saucepan. Add the onions and cook over medium-low heat for about 7 minutes, or until the onions are softened and starting to brown. Add the garlic and cook for a few more minutes, until fragrant. Add the cooked beans and 2 1/2 cups of the bean cooking liquid (if you are using canned beans, add 2 1/2 cups water).

Tie the herbs together with a cotton string and add to the pot along with the bay leaf. Cover, bring to a boil over medium heat, reduce the heat and simmer, partially covered for 15 minutes to allow the flavours to marry. Add the lemon juice and salt and pepper to taste. Remove the bay leaf and tied herbs. Serve as
is or cream totally smooth with a food processor/blender.

**Sautéed Sweet Potatoes with Red Onions and Balsamic Vinegar**

2 tbsp extra virgin olive oil

1/2 cup minced red onion

1 small sweet potato, peeled and cut into 1/8 inch dice (1 cup)

salt and freshly ground black pepper to taste

a few drops balsamic vinegar

heat a skillet over high heat until your hand feels warm when held 3 inches above the surface.

Add the oil and sauté the onions over high heat for 3 or 4 minutes, until brown. Add the sweet potatoes and cook, stirring constantly, for about 4 minutes or until the sweet potatoes are cooked through and lightly browned. Remove from the heat and season with salt and pepper and a few drops of balsamic vinegar. Serve immediately or reheat, covered, in the oven.

**Curried Chickpea Tart with Fennel – Cauliflower Sauce**

4 tbsp oil, plus more for oiling the pan and brushing the tart

1 onion, finely chopped (1 cup)

1 tbsp curry powder

4 3/4 cups cold water

1 1/2 cups chickpea flour

2 tsp salt

Oil a 9 inch tart pan and set aside

Warm 1 tbsp of the oil in a medium skillet. Add the onions and sauté over medium heat until the onions start to brown, about 7 minutes. Add the curry powder and 1/4 cup of the water and cook for a few minutes, stirring occasionally, until the water has evaporated. Set aside.

Place the chickpea flour, the remaining 4 1/2 cups of water and the remaining 3 tbsp of oil in a blender and blend until smooth. Pour into a medium pot or saucepan and cook over medium heat, stirring occasionally until the mixture reaches a boil; do not cover.
Add the salt. Continue to cook, stirring constantly. When the mixture begins to thicken, turn the heat down to medium-low. The heat should be just high enough that the ‘polenta’ bubbles like molten lava. Continue cooking for 20 to 30 minutes, uncovered, stirring to prevent sticking, until the mixture loses its raw taste.

When the ‘polenta’ is ready, turn off the heat and stir in the curried onions. Pour into the oiled tart pan and spread evenly with a metal spatula. Let sit for an hour or so in the refrigerator to firm (at this point, you could refrigerate the tart for up to two days).

Preheat the oven to 350F. Cut the tart into serving portions and brush each with oil. Bake for 20 minutes or until the tart is heated through and the top has formed a crust. Serve with Fennel – Cauliflower Sauce (below).

**Fennel – Cauliflower Sauce**

2 tsp plus 1 tbsp oil

2 tbsp chickpea flour

2 tsp fennel seeds

1/2 large fennel bulb or 1 small bulb

1 onion, finely chopped (1 cup)

1/2 small head of cauliflower, cut into florets (2 cups)

4 cups water

salt

1 tbsp fresh lemon juice

1 inch ginger juice

pinch of cayenne pepper

Warm 4 tsp of the oil in a small saucepan. Add the chickpea flour and cook over low heat, stirring constantly, for about 5 minutes, or until the roux darkens, slightly, turning a nutty golden colour. Transfer to a small bowl to cool.

Toast the fennel seeds in a dry medium skillet until fragrant. Immediately transfer them to a mortar and pestle or a spice grinder and grind to a powder.

Trim off the stalks and any discoloured parts of the fennel bulb. Cut it in half and cut out the core. Slice it thin lengthwise; you should have about 2 cups.

Warm the remaining tbsp of oil in a large saucepan or pot. Add the onions and sliced fennel and sauté over medium heat for 7 minutes, or until the onions start to brown. Add the ground fennel seeds and sauté for a couple of minutes more. Add the cauliflower and the water. Cover and bring to a boil, then
lower the heat to a simmer. Remove 1/2 cup or so of the hot liquid and pour it into the bowl with the reserved roux. Whisk vigorously to dissolve the roux in the hot water then pour the dissolved roux back into the pot. Simmer, partially covered, stirring from time to time to prevent sticking for about 20 minutes, or until the cauliflower is soft.

Puree the mixture, using an immersion blender, or puree in small batches in a regular blender (hold a towel over the top and do not fill the blender more than half full if you are pureeing while the liquid is hot.)

Return the sauce to the pot and add salt to taste. Let the sauce sit for a couple of minutes to absorb the salt, then add the lemon juice, ginger juice and cayenne. Adjust salt if necessary.

**Roasted Chickpea Nuts**

1 1/2 cups cooked chickpeas or 1 15oz can, drained and rinsed

2 tbsp oil (use coconut oil if you can find it)

salt

1 tbsp fresh lemon juice

1 tbsp minced peeled ginger

generous sprinkle of cayenne pepper

Preheat oven to 375F. In a medium bowl, toss the chickpeas with the oil, a sprinkle of salt and lemon juice, ginger and cayenne. Spread on a parchment covered baking sheet and roast for about 45 minutes, stirring 2 or 3 times until the chickpeas are shrunken and browned. They can be eaten hot, warm or at room temperature. If you make them in advance, put them in a baking dish and reheat before serving.

**Thai inspired Baked Tofu Triangles**

3 garlic cloves, peeled

1 inch piece of fresh galangal or ginger

1 lemongrass stalk

1/4 cup apple juice or apple cider

2 tbsp maple syrup

1/4 cup shoyu

2 tbsp fresh lemon juice

1/4 cup oil
4 Thai chiles, stems removed and cut in half lengthwise or 2 Serrano chillies

1/2 cup roughly chopped fresh cilantro

Place the tofu on a pie plate and top with second plate. Weight the plate with a heavy can or two ad press for at least 30 minutes. Finely chop the garlic, galangal/ginger and lemongrass.

To make the marinade, in a medium bowl whisk together the apple juice, maple syrup, shoyu, lemon juice and oil until thoroughly blended. Add the chopped lemongrass mixture.

Place the tofu cake on its side and cut into 3 thin slabs. Cut the slabs diagonally into triangles, the triangles in half to make smaller triangles. Place the tofu pieces in an 8x8 inch baking dish in a single layer, fitting the pieces together like a mosaic. Pour the marinade over the tofu add the chillies and sprinkle with the cilantro. Marinate for at least 30 minutes, turning once.

Preheat the oven to 350F

Pour off about 1/2 cup of the marinade; it should reach about halfway up the sides of the tofu. Bake the tofu for 40 or 45 minutes or until the tofu is golden brown and most of the marinade has been absorbed.

Lightly oil one 14 inch deep-dish pizza pan or two 9 inch layer cake pans and set aside.

In a large bowl, soften the yeast in 1/4 cup of the lukewarm water and allow to rest for about 5 minutes. Stir in the sweetener, salt and remaining water. Gradually stir in the flour, beating vigorously until no more flour can be incorporated. Turn out onto a well-floured board and knead for 5-10 minutes, adding additional flour as necessary. Form into a ball and place in an oiled bowl, turning the dough to coat. Drape the bowl with a damp cloth and let the dough rise in a warm place for 45 minutes to 1 hour, until doubled in size.

When the dough is finished rising, punch down and knead lightly in the bowl. Turn the dough out onto a floured board. Roll into an 18 inch circle (to fit a 14 inch deep dish pizza), or divide the dough in half and roll each half into a 12 inch circle (for two 9 inch deep pizza pans). Place the dough into the pan and roll
the edge over to form a finished rim.

Fifteen minutes before baking, place a rack in the centre of the oven and preheat the oven to 425F. Prick the dough in several places with a fork and bake until very lightly browned, about 5-10 minutes, to set the gluten. Let cool 5 minutes before adding the sauce and remaining toppings and return to the oven for baking.

3 tbsp fresh lemon juice
2 tbsp white wine

Stuffed Baked Potatoes

6 large baking potatoes (about 3 1/2 lbs)

1 tsp salt

freshly ground black pepper

1/2 cup nutritional yeast flakes

1/4 tsp Tabasco sauce

1 1/4 cup soy/rice milk

2 tbsp vegan bacon bits

1 cup scallions very thinly sliced

paprika

Method

Scrub the potatoes and pat them dry. Prick them all over with a fork and bake directly on the centre oven rack in a preheated 400F oven for 1 to 1 1/2 hours or until very tender. Remove them from the oven using an oven mitt and slice each potato in half lengthwise. Scoop out the pulp with a spoon, leaving about 1/4 inch of potato in each shell to help it keep its shape. Place the pulp in a large mixing bowl. Place the scooped out shells on a large baking sheet and set aside.

Using a hand masher or electric beater, mash or whip the potatoes until they are smooth (do not use a food processor as this will make the potatoes gluey). Beat in the salt, pepper, nutritional yeast and Tabasco sauce. Gradually beat in the milk, using just enough to make the potatoes creamy and soft but not runny. Stir in the fake bacon bits and scallions and mix until evenly distributed.

Spoon the potato mixture into the reserved shells, distributing it among them as well as uniformly as possible. Sprinkle the tops of the potatoes with paprika and return them to the 400F oven to bake for 20-25 minutes or until lightly browned on top. Serve hot.

Simple Lentil Loaf

500g / 2 1/2 cups dried red lentils

600ml / 2 1/2 cups water

2 tbsp olive oil

2 large onions, very finely chopped

1 tsp dried mixed herbs or sage

1 tbsp lemon juice

salt and freshly black pepper

3-4 tbsp flour or dried breadcrumbs to coat

a little soy oil, for greasing

Wash and drain the lentils, picking out any damaged lentils or pieces of grit, then put them into a saucepan with the water, bring to the boil, then turn the heat right down, put on a lid and cook for 20-25 minutes until the lentils are soft, pale coloured and all the water has been absorbed. Keep an eye on the pan toward the end of the cooking time as the lentils may stick, but they need to be dry so only add a very little extra water if any.

Meanwhile, heat the oil in a large saucepan and fry the onion for 10 minutes over a fairly gentle heat with lid on the pan.

Preheat the oven to 190C / 375F

Mix together the lentils, fried onions, herbs, lemon juice and season to taste. Form the mixture into a loaf shape, coating it with flour or breadcrumbs.

Pour some oil into the base of a roasting tin – enough to coat it thinly – then put the into preheated oven.
to heat. When the oil is very hot, place the lentil loaf in the middle of the tin and spoon a little of the oil over it. Bake the lentil loaf in the oven for about 45 minutes or until it has browned and is crisp all over. Baste – spooning some of the oil over the loaf – every 15 minutes or so, if possible. When it is ready, lift it out of tin and place on a warmed serving dish. Serve in thick slices.

**Tapenade**

125g / 4oz stoned black olives

25g / 1oz drained capers

1 garlic clove

1 dried red chilli, crumbled

4 tbsp olive oil

salt and freshly ground black pepper

Put olives, capers, garlic and chilli in a food processor and whizz until you have a coarse puree.

Add the olive oil and whizz again, until the oil has blended in with the other ingredients.

Season with salt and pepper. Spoon into a small bowl and serve at room temperature with pita bread strips or crackers.

**Easy Bean and Herb Pate**

425g / 15oz can beans (cannellini, butter beans, lima beans, red kidney, ful medames or whatever)

1 garlic clove, crushed

2-3 tbsp lemon juice

pinch of cayenne or chilli powder

salt and pepper

1-2 tbsp chopped fresh herbs (parsley, coriander, chives or whatever takes your fancy)

1 tbsp olive oil

paprika or crushed black peppercorns to garnish (optional)

Drain the beans, reserving the liquid. Mash the beans with a fork, a few at a time to make a coarse puree.

Add the garlic, mixing it in well. Flavour with lemon juice, chilli/cayenne powder and salt and pepper to taste, then mix in enough of the reserved liquid to achieve a thick but smooth consistency.
Mix in the herbs. You can either add the olive oil now or drizzle it on top or leave it out altogether. As sprinkling of paprika or crushed black peppercorns makes an attractive garnish.

Great as a dip or on sandwiches.

**Tofu and Sun-dried Tomato Dip**

125g/4oz tofu, drained

4 sun-dried tomatoes

1 spring onion, roughly chopped

1 garlic clove, peeled

salt and freshly ground black pepper

Cut the tofu into rough chunks and place in a food processor or blender with the tomatoes, spring onions and garlic. Whizz until you have a creamy puree.

Taste the puree and add seasoning until it is how you like it. Whizz again and spoon into a bowl. Serve with crackers, raw vegetables etc.

**Sweet Red Pepper and Garlic Dip**

2 large sweet red peppers

6 large garlic cloves, peeled

150ml/5floz olive oil (not extra virgin)

1-2 tbsp lemon juice

salt and freshly ground black pepper

25-50g / 1-2oz fresh soft breadcrumbs (optional)

Quarter the peppers, removing the stems and seeds, then put them into a saucepan with the garlic and enough water to just cover them. Bring to the boil, then simmer for about 15 minutes or until the pepper is very tender. Drain and leave until cold.

Put the pepper and garlic into a food processor and puree. Then, while pureeing, gradually add the oil and lemon juice until you have a soft creamy mixture – it should resemble mayonnaise.

Season, then chill before serving. The dip will thicken slightly as it stands, but you can thicken it a bit more by stirring in some breadcrumbs. Add these gradually as they take several minutes to swell and thicken the mixture, so leave it to stand for a little before adding more.
Serve with crackers, breads, raw vegetables etc.

**Pears with Mustard Cream Dressing**

2 tsp Dijon mustard

250ml/8floz soya cream

1 tbsp tarragon vinegar

salt and freshly ground black pepper

3 large ripe dessert pears, preferably Comice

2 tbsp lemon juice

12 lettuce leaves

mild paprika

6 sprigs of fresh tarragon, optional, to garnish

First, make the tarragon cream. Put the mustard into a bowl then gradually add the soya cream, stirring all the time. Add the vinegar and stir gently in one direction until the mixture has thickened. Season with a little salt and pepper then cover and chill until needed.

Just before serving the meal, halve and peel the pears and carefully remove the cores. Brush the pears all over with lemon juice. Put two lettuce leaves on each plate and place a pear, core-side down, on top.

Spoon some of the tarragon cream over each of the pears, then sprinkle a little paprika over them and garnish each with a sprig of tarragon, if using. Serve at once.

1 garlic clove, crushed

425g / 15oz can chopped tomatoes

1 tbsp red wine vinegar

1 tbsp soft brown sugar

salt and freshly ground black pepper

Preheat oven to 200C/400F.

Place the prepared vegetables in a roasting pan. Season with salt and pepper and toss in olive oil. Roast in the pre-heated oven for 30-40 minutes until golden. Remove from oven, cook and stir in the chopped parsley. Reduce the oven temperature to 180C/350F.

Sushi

Serves 4

100g/4oz arborio or other short grain rice

2 tsp wasabi paste

4 tbsp shoyu

a few pieces chopped pickled ginger

Avocado filling:

1/2 avocado, stoned, peeled and sliced

1 tbsp lemon juice

1 sheet nori (sea vegetable), toasted and cut into 1.25cm / 1/2 inch strips

1 tsp wasabi paste

Red pepper filling:

1 sheet nori, toasted

1 tbsp umeboshi sauce (plum)

1/4 red pepper, cut into thin strips

2.5cm / inch piece cucumber, cut into matchsticks

Ginger filling:

4 capers, finely chopped

few sprigs of fresh mint, finely chopped

16-20 sliced pickled ginger in rice wine vinegar
Cook the rice in boiling water, stirring occasionally to release the starch and make the rice stick. Drain and cool until needed.

For the avocado filling, take one third of the cooked rice and form into 4 cubes. Toss the avocado sliced in the lemon juice to stop them discolouring. Toast the nori over a gas flame for a few seconds, until it becomes green and translucent. Cut into strips. Take a cube of rice, put a small amount of wasabi on top, then a slice of avocado and tie in place with a strip of nori. Chill.

For the red pepper filling, place the toasted nori on a sushi mat or piece of cling film. Spread one-third of the rice over the nori. Make an indentation 1.25cm / 1/2 – 1 inch in from on long edge with a chopstick and spread with a little umeboshi sauce. Place the red pepper and cucumber strips side by side along the indentation. Roll up firmly, using the mat or cling film to help you. Chill and cut into slices.

For the ginger, take the remaining cooked rice and mix in the capers and fresh mint. Lay 4-5 pieces of pickled ginger onto a piece of cling film, put a heaped tbsp of the rice mixture in the centre and bring the ginger up around to enclose it. Use the cling film to compress the ball by gathering tightly and twisting. Refrigerate until ready to serve. Repeat 3 more times.

To serve, arrange a selection of sushi on each plate with 1/2 tsp of wasabi paste, a small bowl containing 1 tbsp shoyu and a little pile of chopped pickled ginger.
